## Grammar

**5719** Present Tense, Indicative Mood

**5733** Present Tense, Infinitive Mood

**Indicative Mood:** The indicative mood is a simple statement of fact. If an action really occurs or has occurred or will occur, it will be rendered in the indicative mood.

**Infinitive Mood:** The Greek infinitive mood in most cases corresponds to the English infinitive, which is basically the verb with "to" prefixed, as "to believe."

**Present Tense:** The present tense represents a simple statement of fact or reality viewed as occurring in actual time. In most cases this corresponds directly with the English present tense.
